

We are seriously looking for...

X

IT manager

SEARCH

Exclusive Estates S.L. is a company located in Alicante, Spain. We run various branded web platforms for our niches in the Real Estate market. We have also created various front-end and back-end applications to support our businesses.

We are a small company located in a very attractive environment: beaches, mountains and 300+ days of sun per year.

We are now looking for an IT profile which will supervise and further develop all of our IT activities. Unlimited time contract.

This collaborator will be proving trails of past experiences, needs to be well-organized, loves to do multi-tasking, appreciates to work alone, is a fan of problem solving, enjoys as much coding as designing, and is able to share our vision.
